GENERAL ELECTRIC Refrigerator

To sum up the outstanding advantages of the General Electric Refrigerator—it is unusually quiet. It hasn't a single belt, fan or drain-pipe. It never needs oil. It is extremely roomy, economical and portable. It is guaranteed by General Electric. You should come in and study the many models before you decide.

Lay Plans For Parent-Teacher State Meeting

Big Convention Will Be Held at Santa Cruz in May

The State Board of Managers of the California Congress of Parents and Teachers met in San Francisco, Calif., Feb. 14th and 15th, 1928. Mrs. F. O. McCulloch, state president, presiding.

The district presidents or her representative from every district in California, gave a report of the district work. This report was given so the chairman could be better acquainted with the type of work done in other districts.

Mrs. J. V. Kelsey, state chairman of Indian Welfare, reported that the Indian School Cachi Dehe of Colusa county, which was entirely destroyed by fire last June, is to be rebuilt. The United States government has appropriated \$3,500, which together with insurance will amount to \$600.

The State Board of Managers of the California Congress of Parents and Teachers unanimously endorsed the R. O. T. C. movement. So in sympathy with the R. O. T. C. are the board members that immediately following the making of the motion, almost the entire board responded with a second. Most of the members have sons in the R. O. T. C. and voiced the opinion that it was of value not only to the school morale but to the community as a whole.

Twenty-seven life memberships in the state congress have been taken out to date. Leaders who have given valued service are being thus remembered by their local associations and districts.

Tells of Work Mrs. Max Shaffrath, state scholarship aid chairman, presented the marvelous work being done by that department, which insures that all children of the state receive the best of high school course. Like true mothers this committee aids the ones who need it most—first, and not least, the handicapped children receive attention.

Upon request of Mr. Vaughn McCaughey, editor of the Sierra Educational News, the board voted that all associations be asked to give fullest co-operation with the schools in celebration of Public Schools Week, April 23 to 28.

Feeling that the school superintendents and principals are in a position to help solve the school dress problem the motion carried that these officials be asked to use their influence in promoting simplicity in classroom, school activities and graduation dress. This action was prompted by the thought that the public schools are a democratic institution for the education and happiness of all children and that dress and requirements should be within the financial reach of all.

The California congress feel honored by having the state treasurer, Mrs. W. A. Price, as one of the speakers at the annual meeting of the Western Division of the Recreation Conference of the Playgrounds Associations of America, at Long Beach, April 20th.

Mrs. F. O. McCulloch, state president, visited the Institute of Child Welfare on the campus at Berkeley. The expenses for housing are being defrayed by the Parent-Teacher Association and other expenditures being met by the Laura Spellman Foundation. Dr. Herbert Stolz, director, reported to the board the progress being made in child study and announced that a bulletin containing findings of the project would be mailed the local associations within the next month.

Plan Big Success

The convention committee of local arrangements for the state convention to be held at Santa Cruz the week of May 21st, met with the state president, Mrs. F. O. McCulloch and the hotel and recreation managers and the Santa Cruz Chamber of Commerce, just prior to the board meeting. The Santa Cruz officials expressed themselves as desirous of making this the most outstanding convention in the history of the California Congress of Parents and Teachers. Mrs. R. L. Cardiff, vice president, reported as follows: Rooms, cottages and apartments were announced listed, ranging in price from \$1.00 to \$3.00 per day, each guaranteeing perfect comfort and convenience. Also arrangements have been made for outdoor day nursery with matron in attendance, accessible and convenient for the personal supervision of the mothers in attendance at session in the auditorium. There will be a trip to the big trees for all, dancing, tennis and other chaperoned attractions arranged for young people. In fact every arrangement is being made to make this convention both a worthwhile and joyous one for every member of the family. Guest cards to the golf course for the men delegates and visitors will be available, gratis. Transportation committee is arranging prices on railroads, motor buses and steamships and will announce rates soon.

A part of the convention program will be a demonstration of the plans for the reorganization of the public school system as proposed by the education commission of California.

Mrs. F. O. McCulloch, state president, visited Atascadero and San Luis Obispo, addressing the councils and districts. The principals and teachers from all parts of the county were in attendance at the afternoon meeting at San Luis Obispo.

On her trip from the board meeting at San Francisco, Mrs. McCulloch with several other state officials attended a meeting of sixth district at Los Angeles where a large crowd was in attendance.

Sunset Stages Connect With All LASSCO Steamers

Motor Coach Company, operating Sunset Stages between Lomita, Torrance, Santa Monica, Long Beach, Wilmington, Venice, Ocean Park, El Segundo, Redondo, and intermediate points, have been appointed agents for the Los Angeles Steamship Company, for ticket sales on liners of that company and to provide direct stage service from the cities mentioned to the LASSCO docks at Wilmington, according to an announcement by R. F. Cullen, LASSCO general passenger agent, today.

Pursuant to the franchise granted to Motor Coach Company by the California railroad commission, this new arrangement will be effective March 1, and will afford a direct service not heretofore available by any means except private automobile.

The arrangement, Cullen said, means that each of the cities affected will be put in direct communication for travelers in either direction with all Pacific Coast and even Hawaiian ports reached by the California Steamship Company, enabling the out-going passenger to make his bookings in his home town to cover the entire journey and be delivered to the ship's gangplank practically from his home.

The reverse situation, of great consequence to each of the communities, is also true in that passengers coming to any of the cities served by Motor Coach Company, can book through to those cities from distant ports and be transported by Sunset Stage from the ship's side on arrival, practically to destination, according to E. N. Richards, president and general manager of Motor Coach company.

Miss Opal Edwards was an overnight guest Saturday of Miss Fern Raine.

Mr. and Mrs. Ernest Adkins of San Pedro were entertained Sunday by Mr. and Mrs. H. N. Robb of 262d street.

PICTURESQUE SPANISH HOME

Because of price fluctuations and varying conditions in different localities, it is impractical to set an inflexible figure on the cost of constructing the house pictured above. However, the Pioneer Paper Co., Los Angeles, Calif., will furnish an accurate estimate of the cost on request. Please refer to Plan No. 13. Designed by Ernest Irving Freese, Architect.

Copyright, 1925, Pioneer Paper Company.

THIS shows the picturesque possibilities of roofing the Spanish home with shingles. Well adapted to Western surroundings, it is beautiful in effect and the shingles make it more economical than the usual Spanish type. The interior is well arranged and very livable and, due to the well pitched roof, the traditional coolness of the Spanish dwelling is fulfilled.
